transmediale unfinished

Zwanzig Jahre Festival, von VideoFilmFest über VideoFest und transmedia zu transmediale, das sind zwanzig umfangreiche Programme mit aktuellen Kunst- und Medienproduktionen aus der ganzen Welt, Tausende von Künstlerinnen und Künstlern, Medienmachern und Theoretikerinnen, die sich mit der Macht und den kulturellen und ästhetischen Potenzialen neuer Technologien auseinandersetzen.

Dieses Buch dokumentiert das Engagement dieser Künstlerinnen und Künstler, wie auch den Einsatz von Hunderten von Mitarbeiterinnen und Mitarbeitern, die das Festival über die Jahre gegen allerlei Widrigkeiten immer wieder möglich gemacht haben, einschließlich der Organisatoren der Partnerveranstaltung Club Transmediale. Gemeinsam mit den zahlreichen Unterstützern und Partnern des Festivals ist allen Beteiligten stets die Überzeugung gewesen, dass ein konstruktiver Umgang mit der gesellschaftlichen Wirklichkeit weder auf kritische Medienkompetenz noch auf die grenzüberschreitende Kraft der Kunst verzichten kann.

Vor drei Jahren haben wir mit dem Buch *Bandbreite* (Kadmos Verlag, 2004) versucht, den historischen Kontext zu umreißen, in dem die transmediale sich seit den 1980er und 90er Jahren entwickelt hat. Hier nun bieten wir mit dem tm*20 Register eine hoffentlich inspirierende Übersicht über alle Personen und Werke, die am Programm des Festivals bislang teilgenommen haben. Für die weitere Arbeit ist die offensichtliche Solidität dieses kulturellen Aggregats jedenfalls ebenso sehr Stütze wie Ansporn. Herzlich gedankt sei den Gratulanten, deren Wohlwollen es auch in diesem Falle wieder möglich gemacht hat, eine etwas verrückte Idee überhaupt zu realisieren.

Man produziert ein solches Werk freilich in dem unangenehmen Bewusstsein seiner Unzulänglichkeit – gewiss fehlen zahlreiche Einträge, andere sind inkonsistent, unvollständig oder am falschen Platz. Hinweisen möchten wir deshalb vor allem auf die noch leeren Errata-Seiten, auf denen die geneigten Leser, bitte, diejenigen Korrekturen nachtragen mögen, auf die wir nach Drucklegung ohne Zweifel vielfach hingewiesen werden (z.B. über tmx20@transmediale.de), und die wir im Web unter www.transmediale.de/tmx20 kontinuierlich veröffentlichen werden.

Wir widmen diesen Band Micky Kwella, Hartmut Horst und den anderen Gründerinnen und Gründern, die dem Festival 1988 ein ebenso flexibles wie tragfähiges Fundament gestiftet haben.

transmediale unfinished

Over the last 20 years, the festival has evolved from VideoFilmFest and VideoFest to transmedia and finally to transmediale, presenting twenty comprehensive programmes of current art and media productions from all over the world and including thousands of artists, media practitioners and theorists who engage the power as well as the cultural and aesthetic potential of new technologies.

This book documents the efforts of these artists, as well as the work of hundreds of team members who, against all odds, have made the festival possible over the years – including the organisers of our main partner event, Club Transmediale. All those involved have shared, together with the many supporters and partners of the festival, the conviction that a constructive approach to our contemporary social reality requires a certain level of critical media competency as well as the transgressive power of art.

Three years ago, our book *Bandbreite* (Kadmos Verlag, 2004) attempted to outline the historical context from which transmediale emerged in the 1980s and 90s. The present volume of the tm*20 Register complements that effort by offering – we hope – an inspiring overview of all the people and works that have been part of the programmes of the festival so far. Not least, this solid cultural aggregate is meant to support and encourage future work on the transmediale. We are especially grateful to those whose enthusiasm and support have once again made it possible to realise what may, at first, have seemed to be a crazy idea.

A work like this is produced with the somewhat embarrassing awareness of its own shortcomings. We have to assume that many entries are missing, others are inconsistent, incomplete, or misplaced. We therefore point you to the yet empty errata pages, which the reader should use for the multiple corrections that people will no doubt point out to us (e.g. via tmx20@transmediale.de) after the book has gone to print, and which we will publish continuously at www.transmediale.de/tmx20.

We dedicate this book to Micky Kwella, Hartmut Horst, and the other founders who, in 1988, have given the festival a foundation which has proven to be both flexible and durable.

tm*20

Zwanzig Jahre Festival – von 1988 bis 2007, von VideoFilmFest über **VideoFest** und transmedia zur **transmediale**.

Zwanzig umfangreiche Programme mit aktuellen Kunst- und Medienproduktionen aus der ganzen Welt, Tausende von Künstlerinnen und Künstlern, Medienmachern und Theoretikerinnen, die sich mit der Macht, Kultur und Ästhetik neuer Technologien auseinandersetzen.

Diese Publikation listet akribisch und in der Form eines strengen Registerbandes mit detailliertem Personenindex alle Teilnehmerinnen und Teilnehmer aus zwanzig Festivaljahren auf. Hinzu kommen die Faksimiles der Cover aller Programmhefte. Ein Kompendium, das die Vielfalt des Festivals in seiner ganzen Breite dokumentiert.
